Q3FY26: Key Financials

Revenue

Gross Margin

Revenue

YoY revenue growth was driven by the Finished Dosage (FD) segment in North America and Europe.

QoQ revenue growth was led by higher sales in Europe.

Gross Margin

YoY Gross Margin expansion of 216 bps was due to a better product mix within the Finished Dosage segment

EBITDA

PAT

EBITDA

EBITDA growth was supported by improved sales and margins, partially offset by an EBITDA loss of ₹248 Mn from Ascelis Peptides.

- The share of Finished dosages continues to grow across the quarters.
- The increase in contribution of sales from Europe was due to increased sales from existing customers and launch of new products. Sales from Ascelis also contributed to the increased numbers.

Segment	Definition
Integrated Gx	Products where API is key; API forward integrated to value added PFIs and FDs (mid to high volume) Value proposition: Backward integration/ Strategic tie ups Supply chain security and cost competitiveness
Complex Gx	Products with high entry barriers due to various reasons; • Complexity in formulation development and manufacturing • Complexity in API development • Complexity in IP/ BE strategy • Complexity in Compliance • Complexity in route of administration or drug-device combination
Others	Products that are time based/ opportunity products with an inherent capability of falling into the integrated basket.

An Illustrious Journey Spanning Four Decades

Building A World Class, Vertically Integrated Pharmaceutical Manufacturing Platform

From being a paracetamol API manufacturing facility to a multi-faceted global pharmaceutical company, we have consistently achieved manufacturing success, set new standards of quality and expanded our presence across the world.

Triton Laboratories was formed to produce Paracetamol API at our Bonthapally facility in Hyderabad

A new large volume PFI facility in Gagillapur and a wholly owned subsidiary - Granules USA for marketing in the US

Acquired Auctus Pharma - An API Manufacturing Facility with regulatory approvals

Laid foundation for Oncology OSD Plant in Visakhapatnam

GPAK is a 79,000 sq. ft. packaging facility with 4 packaging suites & WH facility

CDMO specializing in Peptide development and manufacturing

Granules opened its second manufacturing facility at Jeedimetla to produce multiple APIs

Entry into the Finished Dosage segment

Sets up a wholly owned subsidiary in the US; Granules Pharmaceutical to focus on formulation R&D to forward integrate its APIs

Largest single manufacturing site for Multi-Unit Pellet system facility

Granules Life sciences (GLS) a Formulation facility
