

Granules Pharmaceuticals, Inc. Receives EIR Following Successful US FDA Pre-Approval Inspection

Hyderabad, November 05, 2025: Granules India Limited today announced that its wholly-owned foreign subsidiary, Granules Pharmaceuticals, Inc. (GPI), located in Chantilly, Virginia, USA, has received the Establishment Inspection Report (EIR) from the United States Food and Drug Administration (US FDA) for the Pre-Approval Inspection (PAI) conducted in June 2025 for a first-to-file controlled substance ANDA.

The inspection concluded with one observation, which has since been fully resolved, and the issuance of the EIR confirms the successful closure of the inspection by the US FDA.

“This outcome is a testament to the disciplined quality culture we uphold across our facilities. We remain committed to ensuring compliance and maintaining the highest manufacturing standards”, Said, **Dr. Krishna Prasad Chigurupati, Chairman & Managing Director,**

Granules India Limited

This development supports Granules’ strategy of strengthening its footprint in the U.S. market, especially in complex generics and controlled substances, while continuing to invest in enhanced manufacturing and regulatory capabilities.

About Granules India Ltd
(BSE: 532482, NSE: GRANULES) Granules India Limited, incorporated in 1991 is a vertically integrated fast-growing Indian pharmaceutical company headquartered in Hyderabad with best-in-class facilities and a commitment to operational excellence, quality, and customer service. Amongst the few pharmaceutical companies in the world to be present across the manufacturing of the entire pharmaceutical value chain – from Active Pharmaceutical Ingredients (APIs), Pharmaceutical Formulation Intermediates (PFIs), and Finished Dosages (FDs), Granules products are distributed to over 300+ customers in regulated and semi-regulated markets with a global presence extending to over 80+ countries with offices across India, US and UK. The Company has 10 manufacturing facilities out of which 8 are located in India and 2 are in the USA and has regulatory approvals from the US FDA, EDQM, EU GMP, COFEPRIS, WHO GMP, TGA, K FDA, DEA, MCC, and HALAL.
